MAY TALK PEACE ON BATTLEFIELD

President Roosevelt May Name Manchuria As Place.

NICHOLAS WOULD CHOOSE PARIS

Foreign Minister Lamsdorff, of Russia, Is Said To Be In a Jubilant Mood Over Prospects of Peace—Czar Will Name M. Witte as Representative.

St. Petersburg, June 13.—2:20 p. m.—An early announcement of the time and place for the meeting of the Russian and Japanese peace plenipotentiaries is expected to come from Washington as a result of the exchanges between the belligerents on that subject now proceeding there through Count Cassini and M. Takashira with President Roosevelt as the intermediary. The diplomatic circles, the report is current that Russia, whose choice of the place ocntinues to be Paris, is ready to allow President Roosevelt to decide that point in which case there is reason to believe the president may name Manchuria, but the report cannot be confirmed.

Ambassador Rompard, who has returned from Paris was closeted with Ambassador Meyer this afternoon. Ambassador Romaleben, the German ambassador, was also among the American ambassador's callers.

Despite the rather pessimistical utterances of the foreign office the atmosphere here is extremely optimistic and an European ambassador who saw Foreign Minister Lamsdorff today describes the Russian minister as being almost in a jubilant mood.

The opinion is practically unanimous that if Emperor Nicholas avails himself of M. Witte's services once, it is decided the Japanese conditions cannot be accepted for a basis for peace negotiations, he will be able to make the best terms for Russia.

An eminent diplomat in conversation with the correspondent of the Associated Press referring to the possibility of a Russo-Japanese alliance succeeding the war said he considered that a defensive agreement is entirely unlikely. He added:

"If Russia were still the big end of the combination as was the case when she objected against M. Witte's advice the alliance offered by the Marquis Ito, compelling the emperor of Japan to turn to Great Britain, an offensive and defensive alliance might be possible. But considering the fact that the British alliance has rendered it possible for Japanese to fight Russia for the establishment of her position in the Far East, I consider it out of the question that Japan will bind herself in such a manner as might compel her to assist Russia in the event the Russian emperor's government later concluded to make an attack on India. This is the more improbable inasmuch as Great Britain is anxious not only to renew but to strengthen her alliance with Japan."

Roosevelt Receives Russia's Note.

Washington, June 14.—It is announced today that the formal reply of the Russian government to President Roosevelt's identical note of last Thursday is in the hands of the American government. The response was handed to Ambassador Meyer at St. Petersburg by Count Lamsdorff, and transmitted by the Ambassador to President Roosevelt. It can be said that it is perfect consonance with the oral assurance given the president yesterday by Count Cassini, the Russian ambassador here. It had been intended by the president to make public the replies of both Russia and Japan to his appeal for a cessation of hostilities, but the replies are not only accurate, but sufficient has been reached not to publish them at this time.

Official assurance is given that the formal statement of the contents of the replies are not only accurate, but officially complete as to the information contained in them.

Will Await Action of France.

London, June 14.—The German foreign office, taking cognizance of a London Times dispatch from Washington saying the United States and Great Britain have declined the invitation of the Sultan of Morocco to send delegates to a conference on the subject of the proposed refrms for Morocco, informs the Associated Press that these powers have not declined the invitation but have only indicated that they will wait until it is seen what France will do. Premier Rouvier does not venture to speculate on what France's decision will be.

NO CHANGE IN SITUATION.

Status of Strike in Chicago Remains the Same—Nothing New.

Chicago, June 14.—The teamsters' strike today showed little material change in the positions of employers and strikers. The waiting attitude has been adopted by the union leaders as well as by the employers.

President Shea asserted that $3,600 had been sent to the teamsters by a Boston theater, where a benefit performance was given to aid the strike last Friday. According to the finance committee of the Teamsters' jount council the weekly receipts for the strike fund now are $2,000 in excess of the expenditures.

The railway express drivers' union at a meeting voted to remain on strike until a satisfactory esttlement is made with the express companies.

Officials of the teamsters' union are making arrangements for mass meetings to be held in various parts of the city. The public will be invited to attend and representatives of the unions will be on hand to tell why the strike was called and the reason why a settlement has not been made.

POLICY SHOPS RAIDED.

New York Police Will Break Up the Schemes to Defraud the People.

New York, June 14.—The raids on alleged policy shops have been made by agents of the anti-policy society with the aid of the city police. Many women and children were found in both places. It is stated that in the 16 days which have elapsed since the death of Captain F. Norton Goddard, who was for years at the head of the society, a new system of shops has sprung up with branches all over this city.

Captain Goddard had fought a bitter war against the vicious penny collecting swindle and succeeded in practically breaking it up here after having sent the millionaire head of the syndicate to the penitentiary. According to the society's officials, the captain's death was a signal for the resumption of the game. It is being conducted in headquarters in Jersey City, and a Chicago gambler is said to have furnished funds amounting to $1,000,000.

Famous Will Case Settled.

Columbus, June 14.—The supreme court today affirmed the judgment of the Hamilton county court in the case of Henrietta Cecilia Gibson against Peter Gibson. This is the case involving the will of John McCormick Gibson, of Cincinnati, who died at Asheville, N. C., several years ago, a few hours after marrying Henrietta Cecilia Wolfe, a nurse. He made a will bequeathing her property valued at $250,000 to his wife, but it was lost. In the absence of witnesses who could prove otherwise, the supposition was that the invalid destroyed the will as no trace of it could ever be found. The widow therefore receives but the statutory one-third.

Guilty of Accepting Bribes.

Pittsburg, June 14.—Police Captain James Wilson, of Allegheny, accused of accepting bribes in connection with illegal houses, was found guilty today, but the jury recommended him to the mercy of the court. "This was Captain Wilson's third trial. The jury disagreed at the first trial and he was acquitted at the second. The prosecution of Captain Wilson was conducted under the auspices of the anti graft league, which several months ago was instrumental in the arrest of 182 persons in Allegheny. The completed man's attorneys will ask for a new trial.

FIVE PERSONS ARE KILLED IN WRECK

Train Bearing Veterans To Reunion Is Ditched.

NUMBER OF INJURED UNKNOWN

Southern Railway Special Meets Accident While Enroute to Louisville. Engine Plunges Through Bridge and Turns Completely Over.

Louisville, Ky., June 14.—A telephone message to the Evening Post from Albion, Ill., says five persons are known to have been killed in the wreck near Golden Gate.

The number of injured is not known, as they are still being taken from the wreck.

Albion is eleven miles from Golden Gate.

Louisville, Ky., June 14.—A special train carrying Confederate Veterans to the reunion at Louisville is reported derailed at Golden Gate, Ill., on the Southern railway. The train left St. Louis late last night. The Southern railway people here have no information on the extent of the casualties, if any.

At 11:30 a. m. the Evening Post received a dispatch from its Princeton, Ind., correspondent saying the train had been ditched a half mile west of Golden Gate; that the engineer and fireman had been killed and that there was loss of life among the veterans. Special relief trains have gone from Princeton.

The Southern railway office is advised that the train wrecked was a special carrying Confederate Veterans from points on the Cotton Belt to Louisville. The train left East St. Louis about 5 o'clock this morning, and was due in Louisville at 4 o'clock. According to the railroad officials, a portion of the train went through a bridge. The report says also that a number of passengers were injured, but at this time the railroad people cannot say whether or not there has been loss of life.

The engine was turned completely over.

Riots Break Out Afresh.

Warsaw, Russian Poland, June 14.—The outbreak of rioting at Brest, Litovak during which, according to report, many persons were killed or wounded, originated in a conflict between the Jews and army reserve men bound for the Far East. The soldiers are said to have looted provisions and that the Jews in defending their property are alleged to have fired on the troops who returned the fire. The town is now occupied by the military. In consequence of rumors of a general strike being planned to take place here tomorrow the authorities have issued a proclamation ordering the people not to gather in the streets.

Body in River Near Chicago.

Chicago, June 14.—The body of Patrick Ryan, 56 years of age, who disappeared from his home on June 6, has been found floating in the river. Ryan had been an important factor in Democratic political circles on the west side. Until a few years ago he was considered wealthy, but playing the races is said to have caused his downfall and as he was brooking over his misfortunes shortly before his disappearance, the police believe he committed suicide.

Found Father in Potters' Field.

San Francisco, June 13.—A 2-years' search for R. N. Ross, a prominent contractor of this city, who disappeared in August, 1901, has ended at the coroner's office. George P. Harris identified the description of an unidentified man, killed by a street car in September, 1902, as that of the father of Dr. Frank C. Ross the astronomer, now assistant director at Carnegie institute, Washington, D. C., and Walter Ross, in the government service. The body, which has lain all the time in the potters' field, will be exhumed and given fitting burial by the sons.

CHAMPIONS WOMAN SUFFRAGE.

Justice of the United States Supreme Court Delivers a Speech.

New York, June 14.—David J. Brewer, associate justice of the United States supreme court has aroused much applause among the Vassar college seniors by an address in which he referred to woman suffrage and intimated that at some future time a woman may occupy the presidential chair.

"In this land," said Justice Brewer, comes to its opportunities by inheritance. You are a privileged class for you have had the privilege of a collegiate education. Do not give yourselves entirely to the enjoyment of literature, leaving the Republic to take care of itself. You owe to your country the duty of serving it with all the advantages of your education, for who shall say that within the next decade your suffrage shall not be extended to men and women as it has already says that before gray hairs shall come been in many of the states, who shall to your heads a woman like Queen Victoria shall not sit in the White House to glorify this nation as Victoria glorified England?"

FLEECED BY BOGUS CHECKS.

Standard Oil Company's Pay Roll Duplicated by Clever Forger.

Chicago, June 14.—A dispatch to the Tribune from Van Buren, Ind., says that the merchants in this vicinity have been fleeced out of $100,000 by bogus checks on the Standard Oil May pay roll has developed on the arrival here of Assistant Treasurer F. S Davis from New York to Invenstigate.

The forged pay checks range in face value from $80,000 to $100,000, and are duplicate number of the genuine Standard Oil checks, through which the frauds were discovered.

The forgeries passed the banks and were not discovered until checking up began at the company's offices. The signature of F. S. Blake, treasurer of the company, is so well imitated that it deceived bankers familiar with it. It is said that bogus checks are being received at New York from the Pennsylvania, Ohio, Indiana and Kentucky oil fields in each of which investigations are being made.

Alabaman Burns To Death.

Evergreen, Ala., June 14.—Horatio Nelson, who has for the past few years resided on a small farm near this plae, was found burned to death. His house was burned and his body almost entirely cremated. Very little is known of the man here or the whereabouts and names of his people. It is claimed that he had a daughter in Atlanta. It has not been ascertained whether the fire was accidental or incendiary or whether the man was foully dealt with. The matter is being investigated. The man has some real estate and some personal effects, which latter will be cared for until his people can be reached.

Farmer Commits Suicide.

Valdosta, Ga., June 14.—J. J. Land, well known farmer who came here from Albany five years ago committed suicide last night by an opiate poison. Family troubles are to be the cause of the rash act. He was seen in the afternoon, and was in his usual health and spirits but few hours later was found in his home lying across the bed in the throes of death. He was between 50 and 60 years old, and leaves a widow and several children here.

Killed for Beating Woman.

Eatonton, Ga., June 14—A report has reached here that Julius Tolbert was shot three times and killed by Tony Heard on the latter's plantation, about 12 miles east of this place, on the Oconee river. It was stated that Tolbert then turned on Heard with a chair, when heard pulled his gun and shot him.

Geronimo Sees Editors.

Guthrie, Okla., June 14.—Geronimo, the Apache chief, who is a prisoner of war, has returned to Fort Sill, from Bliss, Okla., where he took part in the Indian celebration witnessed by the national editorial association. It is stated that he left Fort Sill with the war department's permission.

SUBWAY TRAFFIC AT A STANDSTILL

Tunnel Is Flooded By Breaking Of Big Water Main.

TRAVEL IS SERIOUSLY AFECTED.

Break Occurred in Heart of City—Surface and Elevated Cars Have Great Difficulty in Handling Crowds—No Casualties Reported So Far.

New York, June 13.—Underground traffic in New York was practically at a standstill today. For more than a mile in the center of the main line of the tube which connects downtown New York with Harlem and the Bronx the tracks are covered for a depth of several feet with water which poured down in a flood when a big water main broke at Park avenue yesterday.

All night long steam pumps worked to overcome the tide, but even after the main was closed it was estimated that many hours would be required to rid the tunnel of water. The most serious trouble was experienced between Fourteenth and Forty-second streets, where the tracks are depressed from 5 to 6 feet. This level was maintained and up to noon had not been cleared sufficiently to permit an observation train to go through. It is possible that extensive repairs may have to be made before the regular service in that important connecting section may be resumed as the water may have weakened the walls and caused other damage. Both above and below the seriously affected section shuttle trains were operated today, but they were only scantily patronized.

The majority of the travelers want through connections, and with the subway blocked they naturally turned to the elevated and surface lines. As a result there were scenes such as have not been witnessed since the strike of subway and elevated employees several months ago.

Every train on the elevated lines carried extra cars and every train was filled to its capacity. The surface cars, too, were taxed as they have not been in months. The subway officials were unable to say whether through traffic on the underground road would be restored by the time the uptown rush begins this afternoon.

Prisoners Break Jail on Sunday.

Valdosta, Ga., June 13.—A daring jail delivery was effected here Sunday at noon. Chester Smith and Will Walker, prisoners confined in the county jail, knocked down Vasco Ezell, son of the jailer, when he went to give them their dinner, and made a successful break for liberty. Young Ezell opened the door of the cell to hand the food in, instead of passing through the grating left for that purpose. One of the prisoners struck him a terrific bow over the head with a piece of iron pipe, knocking him senseless for a few minutes. They then took the keeper's pistol and dashed out of the buiding. Citizens attempted to intercept the escapes, but they drew the pistol on the pursuers and kept them off.

Municipal Ownership of Subways.

New York, June 14.—Absolute municipal ownership of all future subways, provided most favorable terms cannot be obtained from private bidders, together with municipal operation of lighting facilities, are advocated in a resolution which has been adopted by the city committee of the Citizen's union. The resolution will be handed to the city convention of the party with the recommendation that it be incorporated in the platform.

Grants Appeal to Supreme Court.

Montreal, June 14.—Judge Hall today granted the petition of counsel for Gaynor and Greene to be allowed to appeal to the supreme court against the decision of Justice Davidson that the judge, Lafontaine, had the right to act as extradition commissioner. This action undoubtedly will cause a delay of six months.

DEATH OF A NOBLE LADY.

Mrs. Margaret Godwin Passed Away at Home of Son in Fairfield.

The sad intelligence of the death of Mrs. Margaret C. Godwin, which occurred at the home of her son, W. L. Godwin, Wednesday morning at 11:30, reached this city yesterday about noon.

Deceased was seventy-eight years of age and died from a stroke of paralysis. She had been in feeble health, however, and her demise was attributed as much to old age as anything else. She was born in Cerro Gordo, N. C., where she had resided all her life up to eighteen months ago, when she came to Florida to live with her sons, four of whom are in this section.

Deceased was a devoted mother, a true friend and a noble Christian lady, having for years been connected with the Baptist Church. She was possessed of a most amiable, kind disposition, and was loved and esteemed not only by her relatives but by all who had the honor to know her. She is survived by six sons, P. T. Godwin of Cerro Gordo, M. H. Godwin of Mt. Vernon, Ga., W. D. Godwin of Fairfield and D. E., J. J. and E. B. Godwin of this county, to whom the sympathy of friends is extended.

The remains will be shipped to the old home in North Carolina for interment, leaving Fairfield today. Dr. T. F. Thomas has charge of the funeral arrangements.

Lost All His Belongings But Escaped Without Personal Injury.

J. H. Dow, formerly of this city, but now with the Fidelity and Casualty Company with headquarters in New York, telegraphed his brother, W. E. Dow, Wednesday, to the effect that he was "mixed up" in the wreck on the Southern Railway at Golden Gate, Ill., Tuesday, when three persons were killed and twenty-nine injured, some seriously.

In the excitement Mr. Dow's vision must have been enlarged, as he telegraphed that sixty-five people were killed. He lost all his belongings in the shape of baggage, but escaped unhurt.

Mr. Dow was en route to Louisville, where he was going to attend the Confederate Veterans' Reunion. Friends will be glad to learn that he was uninjured.

A HOPELESS FIGHT

It is as impossible to conquer the king of diseases—Contagious Blood Poison—with Mercury and Potash as it would be to conquer the king of the forest in a hand-to-hand encounter, as thousands who have had their health ruined and lives blighted through the use of these minerals will testify. They took the treatment faithfully, only to find when it was left off, the disease returned with more power, combined with the awful effects of these minerals, such as mercurial rheumatism, necrosis of the bones, salivation, inflammation of the stomach and bowels, etc. When the virus of Contagious Blood Poison enters the blood it quickly contaminates every drop of that vital fluid, and every muscle, nerve, tissue and bone becomes affected, and soon the foul symptoms of sore mouth and throat, copper-colored blotches, falling hair and eyebrows, swollen glands, sores, etc., make their appearance. Mercury and Potash can only cover up these evidences for awhile; they cannot cure the disease. S. S. S. has for many years been recognized as a specific for Contagious Blood Poison—a perfect antidote for the deadly virus that is so far-reaching in its effects on the system. S. S. S. does not hide or mask the disease, but so thoroughly and completely cures it that no signs are ever seen again. S. S. S. while eradicating the poison of the disease will drive out any effects of harmful mineral treatment. A reward of $1,000.00 is offered for proof that S. S. S. contains a mineral ingredient of any kind. Treatise with instructions for home treatment and any advice wished, without charge.

...TIALS.

...of Two Pop... people.

...he people of our ..., as well as many in ...owns and cities, have ...y looking forward to the ...of June 14th as the day upon ... Mr. Haskell Greene Rembert ... lead to Hymen's altar one ... our loveliest and most lovable young women, in the person of Miss Alma McCook, the daughter of Mrs. W. P. Garrett and the late Rev. McK. F. McCook.

All Tuesday morning many of those who have been most intimately associated with the bride were quite busy preparing the decorations for the auditorium of Kavanaugh Methodist Episcopal Church.

Not even a rain storm could deter those friends from this beautiful expression of their admiration and love for the young couple. In the afternoon, under the supervision of Mrs. Tom F. McBeath, the only aunt of the fair bride, ably assisted by a bevy of charming matrons, lovely maids and gallant young men, the already handsome auditorium was transformed into a place of beauty. Across the organ loft was a white background latticed with white oleander. Just below this was an embankment of many of the handsomest ferns it has ever been our good fortune to look upon—a number of set pieces with lovely vases of white flowers and foliage set off by dainty and elaborate drawn work and handmade lace pieces. The altar rail was entwined with ivy and in the center was a most exquisite maidenhair fern which has already served as the center piece for two marriages in Gainesville.

Outside the chancel an aisle for the bridal party was improvised by placing pot flowers.

Although the marriage occurred at such an early hour, the large auditorium was filled. Promptly at 7 o'clock the great pipe organ, under the deft touch of Mrs. Truss Denby, began to send forth the tones of Wagner's Bridal Chorus, and as this turned into the sweet, inspiring strains of Mendelshon's Wedding March, the bridal party approached. Down the two main aisles of the church came the ushers, Mr. T. Bodiford and Mr. Bayer in the right aisle, Major Wheeler and Mr. Pixton in the left aisle, followed by Miss Omerea McCook as maid of honor on the right and Miss McBeath of Oxford on the left. Then came the bride leaning upon the arm of her eldest brother, Mr. P. Fraser McCook, and they were met near the altar by the best man, Mr. Hill of Fernandina, and the groom, who took and led the bride to the foot of the altar, where the bridal party was grouped in a pretty tableau. Then the beautiful marriage ceremony of the Methodist Church was impressively read by Rev. T. J. Nixon.

After the ceremony the bridal party with their friends hurried to the Seaboard depot, where the bride and groom took the early morning train for Jacksonville, from whence they will visit various towns on the East Coast, returning in about two weeks to the groom's home at Lennon.

The bride was attired in a going-away gown of garnet silk with hat and gloves to match, carrying a huge bouquet of exquisite bride's roses that had come direct from Philadelphia. Never had pretty Alma McCook looked prettier.

The two young lady attendants were attractive in creations of cream-silk tissue, and both looked girlish and sweet. Miss Omerea McCook carried pink roses while Miss McBeath carried white carnations with asparagus fern. The groom and his attendants were dressed in conventional black, each wearing a white boutonniere.

The bride has lived here since her childhood, and here all of her immediate relatives on her mother's side have always resided.

Mr. Rembert is a young man of pleasing address, has many friends in Gainesville, and is a most prosperous young business man. He is the eldest son of Mr. and Mrs. D. G. Rembert of Sumter, S. C., one of the oldest and prominent families of that State.

The popularity of the young couple was attested by the numerous and handsome gifts of cut-glass, silver, china and wicker.

The groom's present to the bride was a sun-burst of pearls with a diamond setting.

The Sun, along with the host of friends, congratulates Mr. Rembert upon the lady he has chosen for a life companion, and believes that Miss McCook displayed equally as good taste in her choice for a husband.

We extend our best wishes, and hope that their married life may be long and happy.

DEATH OF MRS. ALTMAYER.

Well Known Gainesville Lady Passes Away in Montgomery, Ala.

Information was received in this city Wednesday morning of the death of Mrs. J. E. Altmayer, which occurred at her home in Montgomery, Ala., from the effects of an operation for appendicitis during Tuesday night.

Deceased was a sister of J. M. and Marcus Endel, and was well known in this city, where she was virtually reared. Fifteen years ago she was married to Mr. Altmayer, and four children were born to them, two of whom are still living. For the past few years she has resided with her husband in Montgomery. She was here about three months ago as the guest of her brothers and friends.

Messrs. Marcus and J. M. Endel departed yesterday for Montgomery, where they will attend the funeral this afternoon. It was originally intended to bring the remains here for interment, as two children of the deceased are interred in Evergreen cemetery, but different arrangements were finally made, the husband preferring that the interment be held in Montgomery.

Deceased is survived by a husband and two children, Babettee and Louis, and four brothers, Lyman, J. M., Marcus and Albert M. Endel, to all of whom the sympathy of friends is extended.

NOW IS THE TIME TO PAINT.

Important Memorandum.—A gal. completes, does two good coats, with the best quality of paint, costing say $60 00 ($40 00 later, $30 00 paint) will last five years. The same paint applied by a dauber ($40 00 labor, $30 00 paint) will last only two years. Thus the "per-year-cost" of the good painter's job is $11 00—the poor painter's, $30 00.

!Above all, USE GOOD PAINT!

The oil! linseed oil! Just pure linseed is the "life"—the one great requisite of good paint for which there is no substitute—and the *sure* way to get the pure, fresh linseed oil is to buy the oil and

Kinloch HOUSE PAINT

separately. *For every gallon of Kinloch Paint buy one gallon of linseed oil.* This makes two gallons of paint, ready for use. You then *know* that the paint you're putting on your house is alive—"the genuine oil is in it," and paint is not paint unless it contains 50% of really pure oil. We will further explain the virtues of Kinloch Paint if you will call and see us.

Now that Sweden has a divorce from Norway, she will not deign to recognize her old companion.

The "peculiar and unique fitness" of some places as a location for the University, is most remarkable.

The peasantry of Russia will no doubt want to erect a monument to Admiral Togo, for aiding in bringing on peace negotiations.

Captain Mahan, the alleged naval expert of the United States navy, does about as well explaining Togo's victory as he did the engagement at Santiago.

The Norwegians of this country will petition the President to have him recognize Norway as a nation. If he recognizes those in this country he will have to postpone his trip South.

The Russian troops, in their merciless slaughter of Jews, have brought the condemnation of the whole world on their heads. When it comes to fighting defenseless people, the Russian soldier is at his best. He is unworthy the name of soldier.

The Miami Metropolis says that "any person or persons other than those biased or prejudiced, would without argument and of their own conviction declare in favor of Gainesville as the proper place to maintain a permanent State college, and it is the general consensus of opinion of the people of this section, as well as those of the State at large, that the committee to select the site locate it there."

A lady who has been a winter visitor at Gainesville for the past five years, in speaking of the people of the city, said: "I have never been in a city of the size of Gainesville where the moral atmosphere was so free from taint as this city, and in all the time I have been here I have yet to hear the first bit of gossip or slander from the lips of any of her people. I have often thought it most remarkable."

According to a report in The Tampa Tribune, the colored nurses in that city inflict cruelties on the little white children in their charge that are very severe and need investigating. The lady informed The Tribune that she protested against the cruelties and was abused by the negro nurses, one of them stating that they would "murder her" if she said anything about what she saw. The girls shook the children until they screamed; threatened them with beatings, and with being thrown into the river and otherwise mistreated them.

ONE OF MANY.

Every day the friends of Gainesville are sending in their endorsements of the city as an educational center, and many of them come from the best men of the State. The following from a Jacksonville gentleman shows the sentiment manifested by all who are aware of the facts:

"Hon. A. M. Cushman,
"Gainesville, Fla.

"My Dear Sir and Brother: I am in receipt of your circular letter asking my endorsement of Gainesville as the location for the new University, soon to be established under the terms of the 'Buckman bill.'

"I shall be very glad to do anything for Gainesville in securing the site that I possibly can, but I am not a politician, simply a plain, everyday doctor, and my experience is, that having no votes to give or control, the individual counts but little where so much is expected in the bestowal of a favor as momentous as this selection promises to be. I do think that Gainesville will make an almost ideal—if the ideal can ever be reached on earth—University town, and having the nucleus of advanced education already established there, is a very strong argument for increasing the strength of an institution which for so long has done so much in an educational way for the boys and girls of Florida.

THE OLIVE BRANCH.

President Roosevelt is generally caricatured as clothed in Rough Rider uniform and swinging a big stick, says The Wall Street Journal. His present attitude before the world, however, is that of a man waving an olive branch in his hand. For a statesman who has talked so often about the necessity for a big navy and preparedness for war, President Roosevelt has certainly made important contributions to the cause of world peace. It has been his privilege to set in motion the machinery for a second assembly of the Hague peace congress, and now he is taking the lead in a movement to effect peace between Russia and Japan.

It seems scarcely probable that the President's letter to Russia and Japan on this subject would have been made public unless there was good reason to believe that the cause of peace would be advanced thereby. It is to be hoped that the present bright promise for an ending of the great conflict in the East will be fulfilled. With peace between Russia and Japan and an adjustment of the Equitable controversy, two things which have been working for the disturbance of business will be removed.

The Lake City circular recently issued and numerously signed by the clergy of that city, which sets forth the environments of the city in the highest terms, is hardly borne out by the statement of at least one of the trustees of the University. That the pastors of the city are united now there seems to be no doubt, from this circular, and the competition for the location of the State school will possibly be the means of uniting its people in a bond of universal brotherhood not enjoyed there for many years. Another example of the good that the people of Gainesville are doing all the time. Works are what count.

The settlement of the contest of Mary J. Winthrop's will gives Princeton Theological Seminary one million seven hundred and fifty thousand dollars—more than doubling its endowment.

JULY SMART SET.

The short stories in the July number of Smart Set cover a wide field. Frederick Taber Cooper, the well known literary critic, contributes his first story to any magazine—a wonderfully strong study of a woman in a trying situation. It is called "Mrs. Pawling's Subterfuge." Harold MacGrath tells in his easy and charming way an excellent story, "A Dress Rehearsal," and Beatrix Demarest Lloyd, who is so rapidly coming to the very front rank of American authors, contributes "The Idolatry of Shirley Burr," the finest thing she has yet written. Ellis Parker Butler is a real humorist, and in "The Grafters" he handles a unique plot as only he knows how to do. Gilbert Frankau, the son of "Frank Danby," is represented by a bizarre little tale happily called "Two Recurring." Other remarkably original stories are by Emma Wolf, Eleanor H. Abbott, Margret Temple, and Tom Masson; and there is one in French by J. Marni.

Edgar Saltus, who is always epigrammatic, has fairly outdone himself in his essay, "The Importance of Being Somebody."

The poetry is the best that America produces, and comes from such favorite writers as Arthur Stringer, Theodosia Garrison, Frank Dempster Sherman, John Vance Cheney, Virginia Woodward Cloud, Carolyn Wells, Florence Wilkinson and the ever delightful Gelett Burgess. It is a splendid number—there is no doubt of that.

WANT TO BUILD IN SUBWAY.

Capitalists Desire to Operate Underground Railways in New York.

New York, June 13.—Thomas F. Ryan, Peter Weidener, and Edward J. Berwynd are, according to the Herald, the three capitalists who compose the mysterious Metropolitan syndicate which is to bid for the construction of the extensive subways laid out by the Rapid Transi committee. Considerable secrecy has heretofore surrounded the identity of the men composing the syndicate whose operations were to have been directed by Secretary of the Navy Paul Morton, have now taken up the chairmanship of the Equitable Life Assurance society.

It is further asserted by the Herald that the syndicate will enter the Rapid Transit field in this city with a combined capital of $100,000,000, each member contributing a third of that amount. Mr. Ryan and Mr. Berwynd are well known in New York's financial affairs and Mr. Widener is one of the wealthiest men in Philadelphia. The routes for which the syndicate will bid have already been laid down by the Rapid Transit committee, and it is estimated that the total cost of building at the proposed lines will reach $150,000,000. The contracts will probably not be let before November.

A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me $1,000 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. J. W. McCollum & Co.

New York, June 13.—In a shooting gallery at Coney Island early today Sylvia Steaman, while chatting with a friend, accidentally pulled the trigger of a rifle which she was holding and shot Joseph Ryan, the gallery attendant, in the face. VETERANS GATHER FOR BIG REUNION

Louisville To Entertain Visitors In Royal Style.

A GREAT CROWD IS EXPECTED

All Southern States Will Be Well Represented—New Orleans Wants Next Reunion—Great Time Is Anticipated by All Attending.

Louisville, June 14.—Although the reunion of the United Confederate Veterans does not open until tomorrow, many of the distinguished figures of the confederacy and thousands of visitors are already in Louisville.

Train after train arrived today bringing in veterans and their friends and as some started from their destinations only today, it is not expected all will be in attendance when the first session of the annual reunion is called to order to morrow at noon.

The city is profusely decorated, the electrical display being especially attractive. It is the general opinion that the city presents a gayer appearance than at any other reunion.

General Mikle and party arrived today from New Orleans.

The regular convention of the veterans will be called to order at noon tomorrow by General Bennett H. Young, commanding the Kentucky division. Governor Beckham will welcome the delegates to the state and then General Stephen D. Lee, the general commanding officr, will deliver his address.

The special trains carrying General N. R. Tisdal, commander in chief of the Sons of Veterans, and his party, are expected late this afternoon. The Sons meet in Hopkins theater, their first session being set for 10 o'clock tomorrow morning. The weather is bright and warm, with the weather bureau promising fair skies for the coming four days.

Alabama Well Represented.

Birmingham, Ala., June 14.—In addition to six carloads of Confederate Veterans who left here last night for Louisville, to attend the reunion, a special train of 12 more cars will leave tonight. This party will be headed by General J. W. Bush, commander of the Fourth brigade, Alabama division, United Confederate Veterans. General Bush will be accompanied by his staff, numerous sponsors and many veterans. Colonel Thomas M. Owen, commander of the Sons of Confederate Veterans in Alabama, and a candidate for commander in chief of the Sons, left last night for Louisville. He is endorsed for commander in chief by the Alabama organization.

Many Veterans From Tennessee.

Nashville, Tenn., June 14.—Tennessee bids fair to be one of the best represented states at the confederate reunion in Louisville. A large number of veterans left on the morning trains ad they will be followed this afternoon and tonight by others. All trains are being operated in two or more sections and the railroads are taxed to their utmost to handle the traffic.

Two companies of uniformed veterans, Troops A, captain George F. Hager, and company B, captain Spencer Eaken, left here over the Tennessee Central at 8:10 o'clock this morning. Company B numbers 82 men and officers.

Georgians Enroute to Reunion.

Atlanta, June 14.—Two special trains will pull out of the depots in Atlanta Tuesday morning, carrying large delegations of veterans to the big reunion which begins Wednesday at Louisville. At 7 o'clock a Southern special will leave from the new passenger station, carrying the fireman's drum corps, Camp W. H. T. Walker and Camp Stonewall Jackson. At 8 o'clock a special over the Western and Atlantic will carry Camp A. Wheeler's Cavalry, Atlanta Camp No. 159, and Camp Tige Anderson.

Mississippi Delegation.

Jackson, Miss., June 14.—This afternoon a special train bearing General Robert Lowry commander of the Mississippi division United Confederate Veterans and some two hundred others left for the Louisville reunion.

New Orleans Wants Next Reunion.

New Orleans, June 14.—Louisiana Confederate Veterans, under command of General A. B. Booth, and accompanied by Miss Blanchard, sponsor, her maids and many ladies, left here today on a special train for Louisville to attend the confederate reunion. For several months New Orleans has been working to secure the reunion next next, and a strong committee went along to make an appeal to the convention to come here.

Mobile's Representatives at Reunion.

Mobile, Ala., June 14.—Mobile will be represented a the reunion at Louisville by a delegation of 40 old confederates from Raphael Semmes camp No. 11, United Confederate Veterans, under command of Major Saffold Berney. They left here at 1:30 p. m., joining the New Orleans delegations.

KNIGHTS OF HONOR MEET.

They Hold Their Biennial Session in the City of Atlanta.

Atlanta, June 14.—The biennial meeting of the supreme lodge of the Knights of Honor will concene in the convention hall of the Piedmont hotel Tuesday. The convention will probably continue for ten days. All day and at night the delegates were arriving in the city. All indications point to a splendid meeting. As the supreme lodge of the Knights of Honor meets only every two years, there is usually much business to be disposed of. The members will be busy every day of their stay in the city. All legislation made by the supreme lodge at one of its concentions binds all the branches of the order until the next biennial gathering.

Former Governor J. C. Sheppard, of South Carolina, supreme dictator of the supreme lodge, when seen in his apartments in the Piedmont hotel he stated that he expected this meeting of the lodge to be the best that it has ever had. "But we are here purely on business," said he. "We have not come for pleasure, but to attend to the important business that confronts us. We will be busy every minute of our stay in the city."

Cured of Bright's Disease.

Geo. A. Sherman, Lisbon Red Mills, Lawrence county, N. Y., writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken a well known kidney medicine and other remedies that were recommended but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." J. W. McCollum & Co.

Students Celebrate Alumni Day.

After a banquet the annual alumni society held its annual meeting.

Neuralgia And Other Pain.

Dr. Miles' Anti-Pain Pills rarely ever fail to relieve these pains by soothing these larger nerves, and restoring their tranquility.

Dr. Miles' Anti-Pain Pills leave no bad after-effects, and are a reliable remedy for every kind of pain, such as headache, backache, stomachache, sciatica, rheumatism and neuralgia.

They also relieve Dizziness, Sleeplessness, Nervousness, Car-Sickness, and Distress after eating.

"For many years I have been a constant sufferer from neuralgia and headache, and have never been able to obtain any relief from various headache powders and capsules, until I tried Dr. Miles' Anti-Pain Pills. They always cure my headache in five minutes time." FRED R. SWINGLEY, Cashier 1st Nat. Bank, Atkinson, Neb.

Good Wheat Crop In Russia.

St. Petersburg, June 14.—The prospects of a good Russian wheat harvest continue. In the south, southwest, Northern Caucasus, Vistula region and the Ural provinces the condition of the crops is far above the average, but the outlook is correspondingly bad in some of the central governments and the Volga region. The outlook for rye is less satisfactory, the failure of the crops covering the same are as is wheat. Famine is predicted in some of the governments.

Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at all drug stores. Price 50c and $1 a bottle. Trial bottle free.

Huge Task.

It was a huge task to undertake the cure of such a bad case of kidney disease as that of C. F. Collier of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache, and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach." THE BATTLESHIP TEXAS IN SUNK

Theoretically Speaking, Big Guns on the Shore Sent to the Bottom of the Chesapeake Bay Several of Uncle Sam's Warships.

Baltimore, June 13.—Admiral Dickinson's squadron made a demonstration on the local fortifications early this morning and up to 11:30 o'clock three torpedo boat destroyers were theoretically blown out of the water by the artillerymen stationed at Fort Howard.

Two of these answered the description of the Worden and Whipple, while the third was either the McDonough, Stuart or Lawrence.

Later a fourth destroyer was discovered and "sunk." Then the battleship Texas made a formal demonstration and from Seven Foot Knoll fired her big and little guns at Fort Howard. While the Texas was making ths demonstration a swift cruiser made a flank movement and went up the bay. She was discovered in the nick of time by the men at Fort Howard who fired on the ship. The fire was returned and after a lively skirmish the gunners of the fort theoretically sent both the warship Texas and the cruiser to the bottom.

Searchlights Prove Fruitless.

Fortress Monroe, Va., June 13.—The vigil of the searchlights of the artillery defenses here last night was fruitless. None of the units of Admiral Dickin's fleet constituting the naval side of the joint exercises of the army and navy, was picked up by the searchlights of the Forest last night.

The fleet, however, reported at Baltimore. This indicates to the military experts that Admiral Dickins remained in Chesapeake bay and did not go out through the capes, acording to the general expectation. While it is known that the fleet is at Baltimore there is no relax in the vigil of the defense here. Just before daylight today a small craft was discovered by a searchlight, which at first was taken to be a torpedo boat destroyer making observations of the position of the lights. Closer scrutiny, however, showed the craft was a fishing schooner. This constituted the only reward of the night's work. The practice of the searchlights was declared to be most satisfactory. Their range, however, is far short of the 12-mile channel available to Admiral Dickins, and the supposition is that he could have run the capes and proceeded to Washington and Baltimore from the ocean unobserved, if he had so elected.

Will Give a Smoker to Federation.

Atlanta, June 13.—One of the most elaborate and most enjoyable affairs to be given in honor of the meeting here June 21, 22 and 23 of the Georgia State Federation of Labor, will be the eight-hour smoker, to be tendered the evening of June 22, by the eight-hour committee of the Atlanta Typographical union, No. 48. At a meeting of the eight-hour committee it was decided to give a smoker of a kind that has never before been enjoyed by any organization. Arrangements have been made to entetrtain fully 1,000 people or more, and to make the affair one of the most enjoyable in the history of organized labor.

Bigelow Arrives at the Pen.

Fort Leavenworth, Kan., June 13.—Frank C. Bigelow, the former Milwaukee banker, begun the serving of his ten years' sentence in earnest today at the federal prison here. After fairly good rest last night he ate sparingly of the meager breakfast furnished all prisoners. Later, he was "dressed in," his hair being cut and a prison suit given him. He was photographed, measured by the Bertillon system and later in the day was examined by the prison physician. At the warden's office it was stated that Bigelow's work would not be assigned him until the physician had made a report on his condition. Bigelow submitted without a murmur to all that was required of him.

President to Visit New Orleans.

New Orleans, June 13.—A letter from Secretary Loeb to the Progressive union fixes October 24 and 25 as the days upon which President Roosevelt will visit New Orleans. Arrangements are already under way to make the president's reception a brilliant af-

MILLIONS LOST BY THE FLOOD.

Mississippi Overflows Its Banks and Causes Great Distruction.

Hannibal, Mo., June 13.—The flooded Mississippi river has spread over all the unprotected lowlands and is from 5 to 8 miles wide between here and Keokuk,, Iowa. Near Alexandria, Mo., a farmer named Riley Smallwood was drowned and seven other persons are reported missing. Great numbers of dead animals are floating past Hannibal and from Alexandria, Canton, Memphis, West Quincy and Keokuk reports have been received of the general loss of live stock.

The flood came so suddenly that the farmers in the lowlands had no time to do more than save their families, and their live stock was left to perish.

The river continues to rise here at the rate of 3 inches an hour. An army of men it as work in the lower portion of Hannibal endeavoring to save property. The railroad yards and factory districts are inundated.

All available boats are making trips up and down the river rescuing persons who escaped to points above the water line. Many of the small levies have broken, but the Sny levee, which extends along the east side of the river for 75 miles, holds gangs of men who are reinforcing the levees.

The property loss already reaches into several millions.

DesMoines River Receding.

Keokuk, Iowa, June 13.—After reaching the 18-foot mark the Mississippi river here is now falling. The DesMoines river is also falling, after reaching the highest mark ever known here, breaking the levees in three places and flooding the town of Alexandria, Mo. Other levees on the Missouri and Illinois shores are now out of danger. The river is 10 miles wide, extending from Warsaw, Ill., to the bluffs of Missouri. Hundreds of acres of growing crops are inundated.

Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon, as will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas: "I hereby certify that Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I thank God for so valuable a medicine." For sale by all druggists.

Archduke Joseph Dead.

Vienna, June 14.—Archduke Joseph of Austria, died today. He was born in 1833. Joseph Charles Louis, archduke of Austria, and Royal Prince of Hungary, was born at Pressbourg, Hungary, March 2, 1833. He had always been known as the Hungarian archduke, and was deeply loved by the Hungarian people. He was a son of the last but one "Palatin" of Hungary. He was educated in Hungary. He was a Hungarian in the Hungarian spirit.

Death Result of Nightmare.

New York, June 14.—Springing from his bed in a delirium of fear caused by a nightmare, Carl A. Claussen, a wealthy broker, today plunged through his bedroom window to the stone pavement areaway four stories below. His skull was crushed and he was dead when picked up. a few minutes later. Claussen was 56 years of age. He had been a member of the produce exchange for more than 20 years. His business was said to be most prosperous.

Famous Union Soldier Dead.

Minneapolis, June 14.—Colonel William Colville, of Red Wing, Minn., who led the famous charge of the First Minnesota regiment at the battle of Gettysburg, was found dead in bed today. The reunion of his regiment was set for today. At Gettysburg 264 men of the First Minnesota regiment were in the historic charge. Forty-three returned alive and uninjured. Colville, who led, was seven times wounded.

Stimulation Without Irritation.

In case of stomach and liver trouble the proper treatment is to stimulate these organs without irritating them. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating these organs like pills or ordinary cathartics. It does not nauseate or gripe and is mild and pleasant to take. J. W. McCollum & Company.
